

Canvas tote

Thinc Actionwear carries style Y8869 from Liberty Bags. The canvas tote is made of 11-oz., 100 percent cotton canvas, and measures 19" X 12" with a 4" bottom. The bag features contrasting self-fabric handles, gusset bottom and an outside pocket. The natural color body is accented by handles and bottom in red, forest, royal, navy or black.

Tearaway stabilizer

Cotswold's Press and Tear is a needle-friendly pressure-sensitive adhesive tearaway stabilizer, which allows users to embroider hard-to-hoop items. The stabilizer is a 1.5-oz., dense, wet laid non-directional, nonwoven tearaway that contains needle lubricants to promote needle glide and reduce sticky buildup. It is said to tear away cleanly and easily leaving no "fuzzies" behind. If needed for added support, embroiderers can "float" an extra layer of regular tearaway underneath the stitching area.
